

ITC COMMITTEE AY09-10

Charge:

The Instructional Technology Consortium (ITC) is a faculty led advisory committee whose charge is to explore how technology can be used to enhance instruction and student learning and to recommend professional development programs for faculty and staff that will enhance the use of technology in the educational process. The ITC functions in an advisory capacity to Education Design Resources (EDR), Technical Support Services (TSS), and the NTID Professional Development (PD) program. [Elected to three-year terms.]
