Applied Computer Technology AAS/AOS Program Outcome Set

Develop the basic skills to support Windows-platform computers within an organization

1. Troubleshoot hardware problems, remove faulty components, install new components, and restore a PC to working condition

   **Measure:** ACT Technical Capstone [NACT-295] - Project
   **Course level:** Direct - Student Artifact

   **Details/Description:** A comprehensive project during NACT-295 ACT Technical Capstone. 85% of all students will score 2 or higher with the rubric scale 0-3 on project sections related to troubleshooting and supporting PCs.

   **Implementation Plan (timeline):** Each semester NACT-295 is offered starting Fall semester 2015/16.

   **Key/Responsible Personnel:** Collected by ICS Dept. Assessment Coordinator.

   **Findings for ACT Technical Capstone [NACT-295] - Project**

   **Summary of Findings:** Not applicable, assessment plan was changed.

   **Recommendations:** Remove this for next year's assessment.

   **Reflections/Notes:**

2. Install, configure, troubleshoot, and maintain Windows operating systems, drivers, and application software

   **Measure:** ACT Technical Capstone [NACT-295]
   **Course level:** Direct - Student Artifact

   **Details/Description:** A comprehensive project during NACT-295 ACT Technical Capstone.

   **Acceptable Benchmark:** 85% of all students will score 2 or higher with the rubric scale 0-3 on project sections related to installing, configuring, troubleshooting, and maintaining Windows operating systems, drivers, and application software.

   **Implementation Plan (timeline):** Each semester NACT-295 is offered starting Fall semester 2015/16.

   **Key/Responsible Personnel:** Collected by ICS Dept. Assessment Coordinator.

   **Findings for ACT Technical Capstone [NACT-295] - Project**

   **Summary of Findings:** Data was not reliable due to professors using different standards of measurements.

   **Recommendations:** PC group will work on standardizing their assessments measures.

   **Reflections/Notes:**

**Measure:** Client-Server Networks [NACT-161] - Exam

Course level; Direct - Exam
Details/Description: A hands-on exam at the end of NACT-161 Client-Server Networks

Acceptable Benchmark: Given the resources and functional/performance specifications, 80% of all students will be able to connect, configure, manage, secure and troubleshoot a small intranet peer to peer or client/server network with a score of 2 or higher on the rubric scale 0-3 or a C or better on an exam.

Implementation Plan (timeline): Each semester NACT-161 is offered starting Spring semester 2013/14.

Key/Responsible Personnel: Collected by ICS Dept. Assessment Coordinator.

**Findings for Client-Server Networks [NACT-161] - Exam**

**Summary of Findings:** Benchmark was changed. It should be stated as follows:
Given the resources and functional/performance specifications, 85% of all students will achieve an average score of 2 or higher on the rubric scale 0-3 on all tasks with no zero scores on any single task.

Benchmark was not met. Average was 73.68%

**Results:** Acceptable Benchmark Achievement: Not Met

**Recommendations:** Change the benchmark sentence for next year's assessment plan.
Also recommend the NW faculty review their students' weak areas and strengthen those areas.

**Reflections/Notes:**

*Understand the role of an IT support technician in an organization*

4. Demonstrate an understanding of the day to day job responsibilities and roles of an IT Support Technician within an organization
