**Comments:**
(Summary/Reflections on progress made since AY 2006-2007 Middle States Report)

This is a new AS degree program. We are planning to collect results at the end of this year.

Since the implementation of the program, it continues to attract students from other programs who have completed their AAS degree and transfer to RIT's School of Hospitality and Service Management. The implementation of this program has continued to generate interested students to pursue this career option.
